

## Accessories and Smallware Suggestions

### Overview

This guide is written for bar owners, managers, and staff as an aid in the sourcing of items needed to operate the bar once opened. The items listed here are simply suggestions, be sure to defer to your bar's bar manager to confirm that any of these items apply to their program.

- **Garnish Pans**

Garnish pans can be purchased online or through your local vendor. If you feel like you are going to be very busy go for the ones that are 4" deep, otherwise the 2 1/2" deep ones will suffice. You can purchase any brand, but the brand "Vigor" is made in USA and makes very good quality pans.

You may want to consider adding transparent acrylic lids (optional) on top of each tub to help when storing the fruit in the fridge when you are closed.

EuroBar's *Classico* station requires four 1/9" (one-ninth inch) pans and two 1/6" (one-sixth inch) pans.

EuroBar's *Sportivo* station requires four 1/9" (one-ninth inch) pans and two 1/6" (one-sixth inch) pans.

- **Paper Towels for the Hand sink:**

The Hand Sink's paper towel compartment's internal dimensions are:  
8.5"W x 4.25"D

The napkins measure 8.5" x 4" folded and 12" x 17" unfolded. All vendors should have them here is an Amazon link to one: <https://a.co/d/6wgcUJZ>

- **Juice / "Store & Pour" bottles:**

Crew Supply offers a great line of bottles.

Here is their website: <https://crewsupplyco.com/products/crew-bottle%C2%AE>

- **Swivel Faucet-Extender for Dump Sink:**

Adding a 360° Rotatable Spray Attachment, universal robotic arm is useful to burn the ice in the dump sink that will build up through the course of the night.
